Five Star Moving & Storage
611 Valley St.
Colorado Springs, CO 80915

Melissa:

You inquired how my relocation went, it went extremely well. Horror stories abound regarding moving companies so I checked your history with the Better Business Bureau. You can be proud of, and I will endorse, your rating with them.

Punctuality is less than common with movers; your crew is an exception to that rule as they were waiting for me when I arrived early at the loading site. After offering time-saving suggestions the crew of Tim, Brian, Lee J and Nik quickly and safely loaded the trucks. They even helped me load my SUV with the items they weren't allowed to pack in their trucks.

Soon after arriving at our destination the crew was carefully placing my belongings in each room as directed by my wife. Occasionally, after second thoughts, a box would need relocating to a different room. Such requests were met with a smile and a, "No problem."

If asked to recommend a moving company I will recommend Five Star Moving and Storage without hesitation. No surprises, the final bill was as estimated, a great crew and not one piece of furniture or wall damaged, what more could you ask for?

Regards,

Russell Grosch
